- Monthly topic
- Q&A and discussion
- Preview of next webinar
- Staff updates

Mapping freshwater resilience in the conterminous United States

Analie Barnett & Mary Khoury, The Nature Conservancy

1-16-2025

Filter the Blueprint

Filters can help you find the part of the Blueprint that aligns with your mission, interest, or specific question. Enable the filters below to narrow down the Blueprint to the part that falls within a range of values for one or more layers.

Filter by priorities

+/- Blueprint priority ?

+/- Hubs and corridors ?

Filter by terrestrial indicators

+/- Amphibians and reptiles

+/- East Coast

+/- Equatorial

+/- Fire frequency

+/- Grasslands and savannas ?

+/- Greenways & trails ?

+/- Intact habitat cores ?

+/- Landscape condition ?

+/- Mississippi Alluvial Valley forest birds - protection ?

+/- Mississippi Alluvial Valley forest birds - reforestation ?

+/- Playas ?

+/- Resilient terrestrial sites ?

+/- South Atlantic forest birds ?

+/- South Atlantic low-urban historic landscapes ?
